WHY RICOH?

An apprenticeship with Ricoh is a fantastic opportunity to gain practical, industry experience and achieve qualifications relevant to your chosen career path - all whilst earning a wage! As an apprentice, you will develop your skills by working within a number of our key business areas specific to your programme and be supported by a designated mentor.

DURATION

Our Moulding Engineering apprenticeship is a 4 year programme.

THE ROLE

You will learn how to set up plastic injection moulding machines and ancillaries using a wide variety of plastic materials, different injection moulding tools and be hand on with precision mould tooling. You will also learn how to maintain tooling through good working practice and submit tools for maintenance using the system to accurately describe the fault and supply mouldings.

QUALIFICATION

Over the course of your apprenticeship you will work towards achieving your Level 3 Engineering Technician Apprenticeship – including BTEC National Diploma and NVQ Level 3. You will be required to attend your study on a block release basis with the remainder of time spent at Ricoh to complete on-the-job training and develop workplace skills.

ENTRY REQUIREMENTS

Applicants should have achieved / be predicted to achieve 5 GCSE's at A* - C (or 4 - 9) including English & Maths and a Science based subject.
