WHY RICOH?

An apprenticeship with Ricoh is a fantastic opportunity to gain practical, industry experience and achieve qualifications relevant to your chosen career path - all whilst earning a wage! As an apprentice, you will develop your skills by working within a number of our key business areas specific to your programme and be supported by a designated mentor.

DURATION

Our Technical Engineering apprenticeship is a 4 year programme.

THE ROLE

You will rotate around a number of key areas including: Design & Development, Toner & Ink Engineering, Moulding Engineering, Production Print Engineering, Additive Manufacturing (3D Printing) and Inkjet Technical Centre. In Year 3 you will begin to specialise in one of these key areas and complete more focused placements aligned to your area of specialism.

QUALIFICATION

You will work towards achieving your Level 3 Engineering Technician Apprenticeship - including BTEC National Diploma & NVQ Level 3. With the opportunity to advance on to HNC Level 4. You will be required to attend your study on a block release basis with the remainder of time spent at Ricoh to complete on-the-job training and develop workplace skills.

ENTRY REQUIREMENTS

Applicants should have achieved / be predicted to achieve 5 GCSE's at A* - C (or 4 - 9) including English & Maths and a Science based subject.
